New Year brings a new Vetrun

FEWER results, more features – that's the future style for *Vetrun*.

You will receive it only six times a year, but some editions will carry more pages. Detailed results will only go onto the website, but the magazine will not ignore Sunday events, and notable track and field happenings.

Vetrun will summarise Sunday and T&F high-lights, and carry advance descriptions of Sunday courses.

Your own contributions will be welcomed, as ever.

Let us have your ideas on all aspects of the club, and participation in 'non-club' competition. Other members would like to hear about your training groups, too.

Marathoners

Next month I'll reveal Brian Danby's 20-year Rottneest obsession; and talk to Ironclads, Brian Bennett and Shirley Bell; and maybe Milton Mavrick will tell us about his obstacle-course half-marathon?

Regular features will include relevant medical and fitness topics. Rely on John Bell to glean gems from the world's media! Member profiles are on the cards too, with Joan Pellier expanding the interview series she began with her own club history.

So, with a lump in the eye and a tear in the throat, it's goodbye to 476 results-driven *Vetruns*. Will you keep reading it? Let us know!

We summoned some ghosts of Christmas Past – well, 2010 – just to remind you of the dress code for this weekend's Gift Run. Bring a low-cost pressie for the tree, and enjoy an extremely non-serious run/walk/stagger!

40th Birthday Party for our club in February

MAWA is 40 years young in 2014, and to mark the occasion there will be a celebration after the McCallum Lakes event on February 9.

All members are invited, and we would love to see Track and Field runners there too. Take this opportunity to chat to Life Members and past Presidents about how the club evolved!

Also, Christine Oldfield will be promoting and selling copies of her new book on the history of the club, which is being published to coincide with the 40th anniversary. (See page 2, this edition.)

Formalities will start after the run, at 8.15, followed by refreshments and birthday cake.

Richard Blurton

State Championships 2014

ONLINE entry and paper forms will be available from mid January. An information sheet will be issued with the entry form.

Please read this carefully! That's very important because there are major changes in the programme from previous years.

Yokine Reserve Boxing Day – 6pm

TRADITIONAL seasonal do-as-you-like event on the path circuit. In days of yore the Deadly Medley was staged here; more recently, the 6-Hour Relay. Barrie Thomsett used to preside, and a bbq followed.

Alderbury Park Run – CC 8km/4km Walk – road 6km/4km W December 29

WALKERS use the well-trod inner-road circuit; runners take to the grass, starting near the hockey club rooms. Watch for cones and tapes alongside the lake, where potholes lurk.

East Perth Handicap 7km H/ 4km/7km W January 5

RECENT alterations to this long established event reflect the rapid changes to our city. It used to be 4 and 7kms return (as shown in the old programme) but the giant development adjacent to the Albany Highway meant that our preferred path was covered by concrete.

However, everyone now has a choice of 5km or 6.5km. For runners the latter is a handicap.

East Perth remains short and reasonably sweet. Except for grass at the McCallum Park start and finish, and a small section of quiet road, the course is on well-surfaced mixed use paths.

After crossing the Causeway, go under Albany Highway and upstream along the river bank to the drink station at the 5km turnaround are reached. Those going on in the 6.5km have to climb the Nile Street hill, which is steep. From the top a pleasant stretch leads back down to the river bank and from the 5km turn point your return is a reverse of the outward course.

Until recent times we started south of Taylor Street, which meant at least three crossings of the cycle paths. No problem when we had the river bank to ourselves and the few cyclists sedately rode sit-up and beg machines! *John Smith*

EVERY two months *Vetrun* will bring you some pointers to coming events. Knowing the kind of run/walk you can expect could help you plan your own programme of competition. Directors – please let us have descriptions in good time for the next – end of February – *Vetrun*.

Point Walter 11km/6.2km January 12

EVERYONE takes the bike path from start to Troy Park and returns. But about 500m before the start/finish, long event runners will be directed to an uphill brick path, leading to Blackwall Reach. Return down same brick path then turn left to finish. Watch for bikes on winding section after crossing Pt Walter Road.

Age Graded Handicaps 8km R/5km W January 19

THIS event is the one time in the year when the older you are the better your chances. Starting at McCallum Park competitors depart in descending age order crossing to the riverside path heading upstream. Go under the Causeway, past the Burswood outdoor movies and around the back of the Marathon Club.

The turn at 2.5km for the walkers in the 5km handicap, and 5km non-handicap runners, is alongside Burswood Golf Club.

Handicap runners continue on, across the Windan Bridge. On the far side turn under the bridge and continue upstream about 400m to the 4km turn. Then retrace the route to McCallum Park.

Gillian Young

Ashfield 10km/5km January 26

OUT and back 5km or 10km starts in Cloughton Reserve, Ashfield. Runners start on the grass, walkers start in the car park, with about 100m to traverse before joining the bike path which leads all

under the Tonkin Highway. Keep the river on your left until the turnaround point.

Head behind the houses in Bayswater before coming to Memorial Drive, where you turn left, downhill to the roundabout, then back onto the bike path through the Bayswater Riverside Gardens. Watch out for off-lead dogs here.

Prior to reaching the rowing sheds is the first drink station and the turnaround point for the 5km event. A marshal will direct those doing another 5km across the road and onto the footpath leading under the Garratt Road Bridge. Enjoy the birdlife through the Baigup Wetlands before bracing yourself for the toughest section of the course – a rather steep hill leading up to Swanview Terrace. Once up there, you'll be rewarded with a flat, then downhill section to Tranby House. No need to stop for tea and scones in the tearooms as a drink will be waiting for you under the shady trees beyond. Don't stay there too long as the mosquitoes are ferocious. Turn around and head back home from here. It is always very warm at this time of year, and with sections of the run providing no shelter from the elements, especially the dreaded hill, take care to hydrate well before, during and after the event. Reward yourself with a pie and pav for Australia Day! *Sandra*

McCallum Lakes 8.4km/4.2km February 9

THE new bike path, separate from the pedestrian path, and the bigger car park at the bottom of Ellam Street makes it safer to cross Ellam Street nearer the river.

Start is in Taylor Reserve, opposite Garland Street. Run on grass directly towards the river, cross over bike path (with care) and turn left on

to pedestrian path towards Douglas Street.

At Douglas Street turn left on path and proceed for about 100m, then turn left, with lake on your left, veer left over first bridge then right over second bridge and left at end of second bridge.

Continue on the path to car park access at bottom of Hurlingham Street and turn left back to river pedestrian path, taking care crossing bike path. Turn right on to pedestrian path; return is reverse of outward route.

Bob

Friendship 11km/5.6km February 2

START on grass near intersection of Saw Avenue and May Drive in Kings Park. A clockwise circuit of footpaths next to May Drive, Lovekin Drive and back to May Drive. TAKE CARE AT ROAD CROSSINGS.

Woodman Point Handicap 5km H/ 10km February 16

THIS event is a 5km handicap run (1 lap) with the options of a 5km non-handicap and a 10km (2-lap) run.

The walkers also have a choice – over 5km or 10km. All distances are along smooth bitumen paths with gentle undulations and plenty of ocean views. The course is a quick one with lots of variation. For 2014 it has been altered slightly, eliminating an access road-crossing to the newly-finished surf club. As this is a February event, and potentially hot, there is the useful option of an after-run ocean swim for a cool down if needed. There's also a nice shady area at the start/finish line, great for breakfast. So bring your bathers and enjoy the beautiful water and facilities at Woodman Point.

Pete and Karen

Piney Lakes 8km/4km February 23

CIRCUIT of park on paths, from near Murdoch Drive to near Leach Highway and return making 4km.

Anniversary Book – marks MAWA's 40th birthday

In My View ...

by the Editor

70 is the spur

STOPPING John Oldfield on a Sunday (see the Park-Run story) might be easier said than done. He hammered in at the finish of Canning Caper's 10km handicap last Sunday at such a rate that I was forced to quiz him.

Just the day before he'd set the Park-Run M70 best time, and was obviously still on a high.

Apparently, turning 70 is spurring him. He and Christine have set themselves a target, of grabbing the M70 and W65 bests at every Park-Run.

John has form in this. On reaching 65 he set new lifetime PBs in all his events, bar the 10km. Presently he's good for 47 minutes 10km on the track, and in the heat last Sunday managed 49:47.

I imagine all the long-distance training put in during the UK sojourn this year hasn't done him any harm, even though he's now decided that ultras are not his forté.

Mates on the move

MEMBERSHIP levels ebb and flow every year but it's always sad when established characters depart the ranks. This month we say goodbye to Bruce Mathieson, the cheery kiwi, and to Chris Genin, who's not bad for a pom.

Bruce has grandchildren over in Victoria and he wants to spend time with them while he can still run and kick a ball.

Chris has been promoted to his company's top spot, in Brisbane, and moved this month with Niamh, young Sean, and (expected soon, Molly, probably!).

He is still responsible for the Perth office though, so we may see him some Sundays. All the best, boys.

THE book you've all been waiting for is all but finished and will be launched at the special birthday run on Sunday February 9 at McCallum Park, the venue once known as 'Club HQ'.

I have spent more than two years delving into MAWA's past and my main difficulty has been condensing all the gathered information into a sensibly-sized book.

The resulting 168 pages in eleven chapters cover all aspects of the club over the forty years of its existence – with many quotes and anecdotes to amuse you.

There are also thumbnail photographs of founders, first year members, life members, over 80s, presidents, world record breakers and other movers and shakers who have significantly contributed to club development.

Thanks to a contribution from Lotterywest the cost has

been kept very low – just \$15. Even better, there is an 'Early Bird' price of \$10 for anyone who orders and pays cash by Sunday February 2.

You can elect to pick up your copy at the special run, pay \$2.50 to have it posted to you or arrange to collect it at some other time. And it will still be a great buy at \$15 after February 2. You could be mentioned – read it and find out.

And if you know of any former members who may be interested in buying a copy, please pass on the information.

To order, see me, Christine Oldfield or make contact on 0434 191 611 or at oldfield.jc@gmail.com

Saturday Park-Runs draw more Masters

MAWA members are taking to the 5km Park-Runs in increasing numbers. They have the choice of running at Claisebrook Cove, Canning River, Aveley or Rockingham each Saturday morning at 8am.

First-timers I noticed in the past month include life members Merv Jones and Graham Thornton, plus W75 Sheila Maslen. Sheila now proudly holds the W75 club best, which she took from Jacqui Beaumont!

Every week there seems to be a new club-best set by one of the 40 or so members that now take part. In addition, many of the age-group records for these events are held by our club-mates.

New one

On January 11 another Park-Run makes a Perth debut, at Pioneer Park, Gosnells. With Bunbury and Kalgoorlie and this makes seven in WA. Why not give it a try? Stop me on a Sunday and I'll tell you all about this latest running phenomenon.

John Oldfield

Sheila Maslen has lifted Jacqui Beaumont's W75 best-time.

You write ...

Have caravan, need park!

Hello Vic

I hope someone can help, because we are in need of a home for our 12-foot caravan!

It is currently sitting on the driveway at David's brother's house in Mandurah – but unfortunately he has just sold his house.

So we are in dire need of a new home for the van and wondered if it were possible to make a short appeal in the *Vetrun*?

We live in Leederville, and space is at a premium!

Regards, Jo Richardson

New members – Welcome!

... now, tell us your story

NEW members – this is your mission, if you care to accept it.

Long-time member Ivan Brown suggests all newcomers to the club send me a brief note about themselves, by way of introduction. We know how old you are; how about telling us how you found out about Masters – your running/walking history – and maybe your first targets with the club?

Over to you!

Mosman Park

December 1, 2013

Director: Paul Hughes

IT WAS our first 7am run for the year and only a couple of members forgot to check the programme for the early start.

Conditions were cooler than previous years but the humidity was still high and fortunately, or unfortunately, depending on your love of hills, the course is still hilly, testing and enjoyable and not a PB.

All runners and walkers enjoyed the course and I appreciated members' compliments on the organisation of the run and for that a special thanks are due to my helpers. They are: Paul Martin, Dick Blom, David Roberts, Tony Bart, John Brambley, Charlie and Lee Chan, Trish Lopes, Akos Gyarmathy, Elizabeth McFarland, Shelia Maslen, Ante Perdija.

See you all next year.

Paul Hughes

Canning Caper

December 15, 2013

Director: Keith Atkinson

KEITH had a wealth of helpers – perhaps it was easier than running – but they did a fine job, especially at the water-station. Thanks to you all. Compiler Lorraine Lopes and handicapper Richard Danks earn especial praise for producing the results so quickly, and helping have the *Vetrun* up-to-date and in your hands as soon as possible. Pictures from the Canning Caper are on page 8. VW

6K RUN

Paul Hughes	M60	24:38
Bjorn Dybdahl	M60	25:02

IT'S always a pleasure to welcome the runners, walkers and spectators of MAWA to our annual Garvey Lakes outing. The run is mixed terrain, using the varied features of Garvey Park – grass, lakeside limestone trails, woodland, rickety bridges and the cycle path along the beautiful River Swan. A special course is provided for walkers using the firm cycle path only.

This year Garvey turned on its best for us. The weather was pleasantly cool at 7am, with just the lightest of breezes. Almost 100 finely-tuned athletes toed the two separate start lines and most seemed to enjoy their morning exercise.

Garvey Lakes

December 8, 2013

Directors: Christine & John Oldfield

Post-event relaxation was a two-centre affair; there was the usual social interaction around the picnic sites as we all caught up with friends for a weekly chat. Many others took advantage of the kiosk overlooking the river for a leisurely coffee and breakfast.

We were, as always, superbly supported by an enthusiastic and smiling band of volunteers. They received warm thanks from many runners and walkers, to which we add our gratitude. We hope to see you all again next year.

Jo & CO

Bob and Carolyn Fawcett, Kylie Mahony, Geoff Mullins, Sandra Rourke, Jeni Shillington, Jane Stanbrook, Monique Thomas, Blakeney Tindall, Sanja Kolonic, Tony Smith (1204), Tina Major

No Caper!

MOST of the mad dogs and Englishmen were at the WACA, and our own Gunga Dins were stretched to cope with demand. Yes, it was hot at Canning lastweek, even for the best of us like Ross Keane (below). Peter Ryan (below, left) was the only walker game enough for 10km; while (inset) John Oldfield seemed to have a good day.

But medical man Peter Bath (left) pondered afresh whether the club needs a heart-starter machine.
