## Steve joins Committee

**WELCOME, Steve Travell, to the committee!**

Steve will take on some of the work liaising with Councils to get approvals for Sunday runs.

Other news:

\* Electrolyte drinks to be available at water stations on very hot days.

\* Club will start keeping a log of incidents where first aid was required.

\* John Fisher is spearheading a campaign to promote membership through increased awareness of our activities. He has posted our events on running calendars and is arranging 'friendship' runs with a number of Perth running groups.

\* A sub-committee - Steve Weller, John Dennehy and Rich-

ard Blurton - was established to determine MAWA nominees for AMA awards. See P15/16 of this *Vetrun*!

\* State Championship dates are fixed: 10,000m on March 2, Pentathlons day March 18, Steeplechase March 23 and main weekend March 25 and 26. Entries will open late January/early February.

\* Registrations are open for WMA Indoors Torun, WMA Cross Country Bathurst and AMA Nationals Sydney. Oceania Champs will be North Mariana Islands in June.

## Sunday changes ...

**WE ARE** changing the dates of some Sunday runs because:

\* Joondalup Council have advised they have double-booked, so we cannot have Neil Hawkins Park on March 19, and

\* Run for a Reason, traditionally the last Sunday in May, is this year changed to the second last.

So we have swapped Woodbridge and Joondalup runs. Joondalup is now March 5 and Woodbridge March 19.

Also we will move RRC 15km to May 28.

Once the details have been finalised we will email all members and revise the programme and helper lists

## How runners impress us!

Start late – like Clare Wardle and be first 10km woman on a tough, hilly course in 50:07.

Start even later – like Rod Glosop, 1st M40 in 54:14.

Ignore the ankle you broke at parkrun – like Janne Wells, 1st W50.

Be like Mercurio Cicchini who RAN in a mask and reminds us not to be COVID complacent.

Alex Tinniswood compiled your results and gave a gold star to the morning's scorer, meticulous Rochelle Airey. He said: "When I do it I always accidentally double scan someone or scan the wrong event but Rochelle today did it without any errors and also in order! Made it super easy for me."

DECEMBER 4, 2022  
Director: Paul Hughes

THE club's first summer run and 70 runners and walkers tackled the scenic and testing course. Numbers were down on previous years; maybe the FIFA World Cup had something to do with that.

A special thanks to my helpers who assisted me in the event run which makes my role as Race Director a lot easier. Appreciation to Armando from the Mosman Park Cricket Club, Armando Sports and Mosman Park Town Council for allowing us to use the facilities at Tom Perrott Reserve.

See you all next year.

Paul

Director Paul Hughes flanked by one of his jolly helpers – Jenny Hogg. She is not only an inveterate helper – at other groups such as parkrun – but also Vetrun's most valued extra photographer, responsible for many of your pictures in the magazine and on the club website.

IN truth, it came as a shock. Yes, I know he kept grizzling about getting up at 5am in the cold and the rain. Yes, he's well-past his use-by date; but aren't we all? He doesn't run much any more, and the walking is more a social amble – or even a preamble, than a serious attempt at his former race-records rate.

But Paul Martin is like Mount Rushmore, always there (unless it involves a long early-morn drive into the sun). He moves at about the same pace as Mount Rushmore too, whereas it wasn't that long ago (was it?) that Paul ran two marathons (London and Amsterdam) within a week.

He's also one of those runners who enjoyed it and did well when young, unlike many of we late-comers.

Now, before this starts to sound like an obit, I had better quit.

Although, when his emailed resignation arrived, tagged "End of the Road" I did check if my Karrakatta suit was pressed.

Here's the farewell:

*"After this year's Sharks Run I have decided to call it quits. It has been a privilege to be involved in the club for such a long time and I hope to attend as many Sunday runs in the future as my health will dictate.*

*"However, at 82 years old and having been a Race Director for 35 years, I think it is about time somebody younger and more en-*

Ah well,  
actually,  
Paul says  
'No'

*thusiastic takes over! I'm still going to help in events run by Paul Hughes and other close friends but I don't have the energy to be a Race Director any more."*

I wonder if Paul has given due consideration to the Fremantle mob who will now be thrown out of work? While his run has morphed from 1988s 10-miler Fremantle Harbour Run to the 10km handicap Sharks of today, over his 32 years he's given annual employment to Paul Hughes, Dave Roberts, Charlie Chan, Peggy McLiver, Graeme Dahl and John McShane. There are probably others, all wondering how they will use that wet, cold Fremantle Sunday morning.

WA Christmas bush flowering – it was nearly that time again. It was getting light at about 4.30am.

Hope everyone had a good run, or walk, with conditions as good as you could hope at this time of the year – mild, sunny, a slight breeze. Helpers on the finishing chute usually enjoy the tree's shade. This year it was a little cool under there, so it would have been perfect for competing.

Great handicapping by Tristan, again with most competitors for walking or running coming home within a couple of minutes of each other.

Interesting results as well with some back markers in the walk leading the field. Well done Karen, Jim and Liu.

Thanks again to my helpers, who make it all seem seamless for you on the day.

We will do it all again next year – but don't count on it being so cool next time.

Keith

Lui

Right – determined Blakeney Tindal working hard to finish just two seconds ahead of Bob Lane. Left – enigmatic Lui Cecotti: running at Mosman a week earlier, then here, winning the Canning 6km handicap walk!

Bob & Blakeney

Lui Cecotti, excellent runner and walker, won the 8km trophy; like Bob, nine seconds off estimate.

Bob Schickert, of course, just nine seconds off his 'guess' and winner of the 5km trophy.

# Believe It or Not!

OLDER readers (and nostalgia buffs perhaps) might remember the popular US cartoonist who found fame and fortune in the 1920s by searching out and illustrating amazing facts from around the world.

Leroy Robert Ripley's 'Believe it or Not' feature appeared in countless US dailies and 'Rip' as he was best known travelled the world, first as a reporter, and later amassing amazing facts for his columns.

Around 1929 the newspaper mogul Randolph William Hearst

## 6 K-Os in a night!

November 21, 1929

(think *Citizen Kane*) made him an extraordinary offer he certainly wouldn't refuse – worth \$100,000 a year. Rip even went on to host a radio and TV shows based on his oddities.

Born in 1890, Rip died in 1947 but his cartoons were viewed for decades after in US exhibitions known as Believe it or Not Odditoriums.

THIS is the 1919 cartoon of sports facts that began Rip's success.

1 Running High Kick of 10ft 3ins by R.P. Williams: New London, Connecticut, 1905.

2 Englishman J. Darby jumped backwards 12ft 11ins, carrying weights.

3 Three-legged race – 100 yards in 11 seconds, by H. Hillman and Lawson Robertson.

4 Un-named – but using a mirror he walked backwards across 'the Continent'.

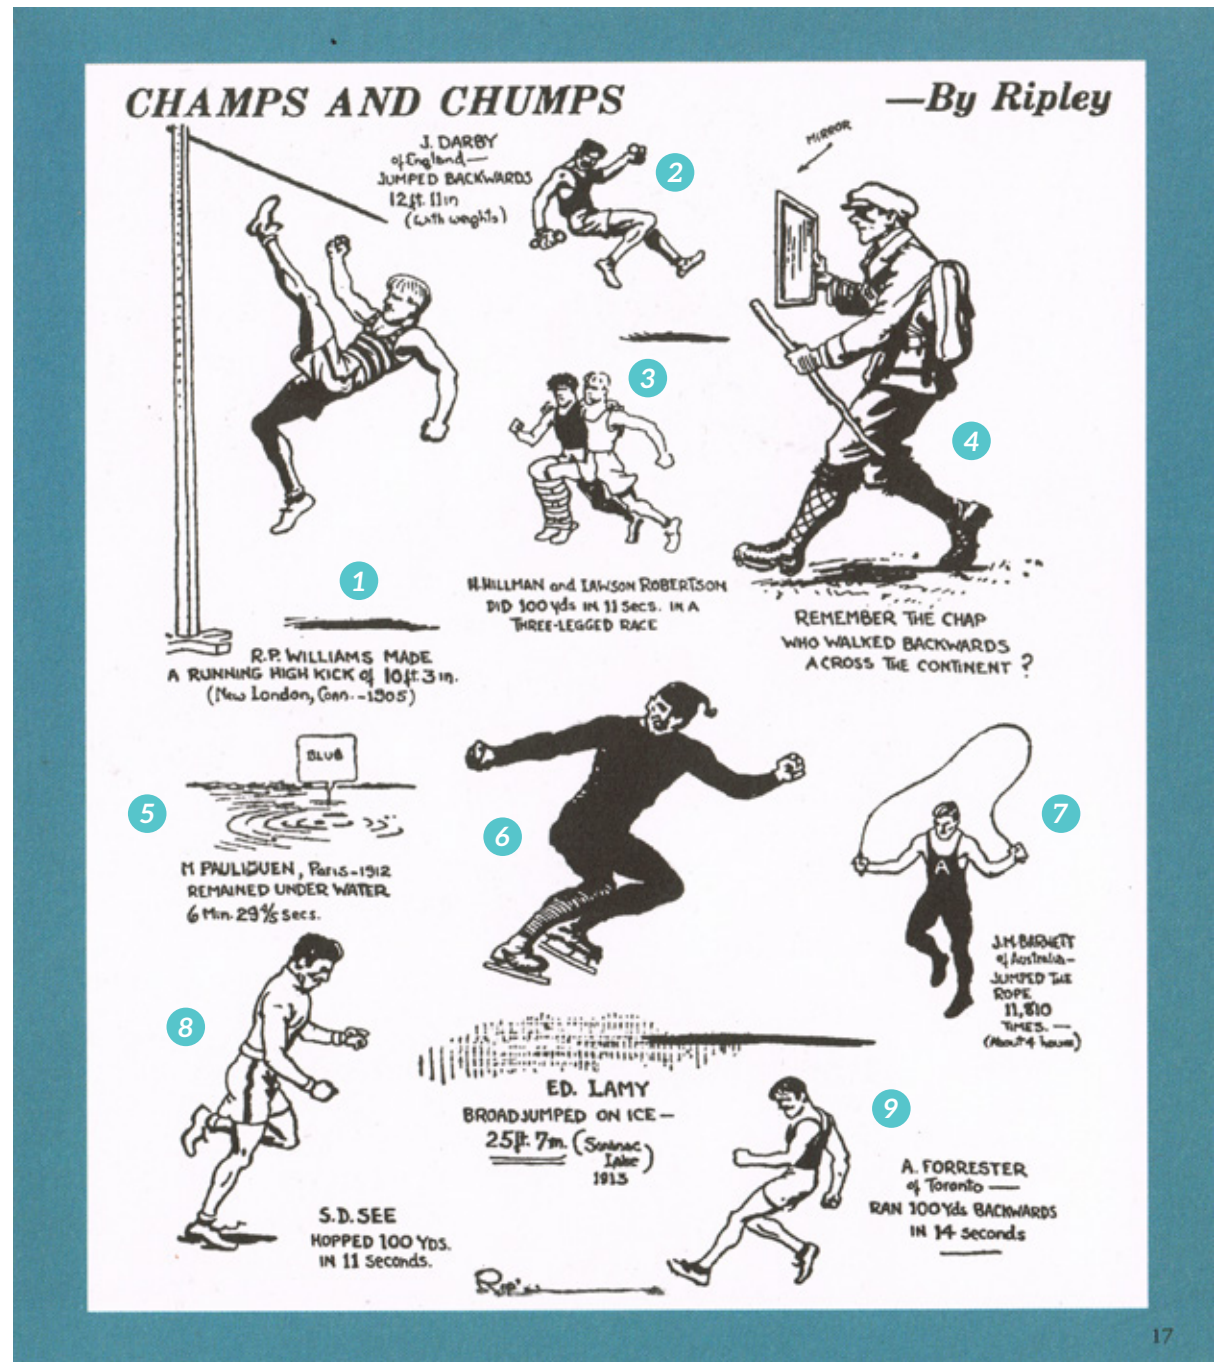

5 He was under the water for 6-minutes 29 and 4/5 seconds; M. Pauliquen, in Paris 1912.

6 Broad-jump of 25ft 7ins - on ice: Ed Lamy, Serdnac (?) Lake, 1913.

7 Rope-jumping: Australian J.M. Barnett did it 11,810 times in about four hours.

8 Hopping 100 yards; S.D. See did so in 11 seconds.

9 Backward running 100 yards: A. Forrester of Toronto took 14 seconds.

17

INSPIRED by Ripley's weird and wonderful (see page 9), I am offering readers two new entertainments this month. First, Great Sports Quotes.

You know the kind of thing - *"We done good, but got beat."*

What fine literature! *Vetrun's* lucky readers are encouraged to send in their own contributions. Meantime, here's a starter.

### GREAT SPORTS QUOTES No. 1

## 'I Gotta Horse'

(Prince Monolulu -  
26 October 1881-  
14 February 1965)

POPULAR racing tipster Ras Prince Monolulu, resplendent in feathered head-dress and colourful 'regal' attire was well-known to anyone in the UK who hung around the tracks and followed the Sport of Kings.

Monolulu said he was chief of the Falasha tribe of Abyssinia, but as Peter Carl Mackay was born in St Croix, Danish West Indies (now part of the US Virgin Islands).

He first went to The Derby in 1903, drawing in the punters with the slogan "I gotta horse."

He travelled all around Britain, and Europe, and was in Königsberg when World War I broke out, and held in Ruhleben internment camp, near Berlin, for the duration of the war, returning to London in 1919.

Monolulu rose to prominence after picking out the horse Spion Kop in the 1920 Derby. It came in at long odds of 100-6, and Monolulu won a princely £8,000, a vast amount of money at the time, equivalent to more than £400,000 today. "I gotta horse!" became the title of his memoirs.

Your second teaser - remember, all contributions will be given the respect they deserve:

## Unlucky Prince

THE biography of Jeffrey Bernard (another larger-than-life character) covers Prince Monolulu's death in some detail. Unluckily (for the Prince) Bernard was working as a horse-racing journalist and visited Monolulu, who was sick in the Middlesex Hospital, to interview him. Bernard took him a box of Black Magic chocolates and offered Monolulu a "strawberry cream". Monolulu subsequently choked to death on it and Bernard bade him farewell.

## Your watch listens, too

BEWARE Alexa and Siri. The latter came to life on the Apple watch of Australian Thai fighter and boxing trainer Jamie Alleyne while he was sparring. Jamie grunted 'One, One, Two: nice shot', Siri dialled 112 - the emergency alert on mobiles.

A call handler picked up the word 'shot' and dispatched 15 cops and several ambulances to his gym.

In Australia 112 works on mobile phones even if you are out of phone network range, have no prepaid credit or a SIM card. Handy, eh?

# Australia Day

No trolls to be found under the striking, charismatic Garratt Road Bridge, but seems our walkers (right) went single-file, just in case.

Joyous jumpers: Sofia Dumlao and Leon Mitchell

I WANT to use this year's short summary of the Australia Day races to praise our helper-volunteers.

As any Race Director knows the hardest aspect of the role – but also the most gratifying – depends upon these club members, the helper-volunteers. The concern is that there won't be enough, or that some may not be available on the day. No such worries this year!

However, there were a few contributions that, to me, were outstanding. I won't use their names, but they know who they are!

A new member of Masters, recently arrived from Brazil, not only volunteered as a helper on a drink station but doesn't have his own car.

So he arrived at the river via Uber.

His attitude was fabulous – as was that of the longer-term mem-

ber, an older fellow, who was his colleague at the station. They got on famously and the older bloke ended up driving him home after the race.

On another drink station the marshals noticed their two containers of water were about to run out. So they found a water fountain nearby (which I didn't know was there) to top up the water.

Yes, maybe a small thing, but it typifies their resourcefulness.

The day was particularly hot

## "It's all about the helpers"

and many runners and walkers did the right thing and took on more water than usual ... as they should. Great that the helpers found a solution for getting more water.

Individuals on the MAWA Committee were particularly supportive during the lead-up to the event, when it looked like we might be short of normal numbers. The committee are volunteers too and I definitely appreciated their help.

All the Australia Day race helpers were exemplary, arriving promptly and truly getting on with each of their roles without any fuss. Thanks to each of them!

*Congratulations!*

Jim

John

Some special events earned our congratulations this month, none more so than those showered on Gillian Young for breaking the W75 World 2,000m steeplechase record by more than 15 seconds at our Cannington track meeting (subject to ratification.) Of course, Gillian then went on to clinch the Age Graded handicap event (see page 13) as overall winner for the sixth time!

More congratulations are due - to Jim Barnes, who had his first outing as an M80 in this year's Friendship Run. Jim, who is also our club's most prolific marathoner with 100-plus runs, was instrumental in establishing the Friendship event and directed it for many years.

John Herzfeld is one of several fine runners who came to MAWA via parkrun.

He earns Vetrun's congratulations for recently undertaking 24 parkruns in 24 hours. "The plan is to take it easy and enjoy the running," he said.

"We get a break in between each 5km run as we drive to the next event. There are also three meal breaks during the 24 hours! I have been working on what I eat for my longer runs after struggling badly a few years ago at the 24 hour Lighthouse event in Woodvale. There will be time for quick power naps along the way. If I can get through to 4am and start to see the sun rising, then I should be able to get through to the 8am finish."

## AMA award nominees

MAWA athletes had an outstanding year in 2022 and achieved multiple World records, Australian records and World Championship Gold Medals.

The Sub-Committee found it extremely difficult to select our nominations for AMA awards, but in the end picked the following:

**Sprints:** **Maureen Keshwar.**

Maureen broke the Australian 60m record and won World Championship gold in the 100m. She was world ranked No. 1 in both 60m and 100m.

Astrid

**Distance:** We are making two nominations.

**Astrid Roberts.** Stunning sub 2:50 London marathon to gain a State record.

**David Carr.** World records at 5,000m and 10,000m.

**MORE - PAGE 16** ►

Andrew

**Walks:** **Andrew Duncan.** WA Open State Champion at 10km and age grades in the mid 80s.

## Our AMA nominees

Todd

**Throws: Todd Davey.** Australian records for the discus and shot put.

**Multis: Paul Jeffery.** Only 5 points short of a World record in his State Champs pentathlon.

**Best Female: Sue Coate.** Multi-talented Sue broke State records 14 times in multis, hurdles and jumps.

**Best Male and Best Performance: David Carr.** 6 World Records.

**Jumps: Melissa Foster.** Two silvers at the World Championships and two golds at the National Championships plus an

**Middle Distance:** We are making two nominations.

**David Carr.** David achieved World records in the 1,500m, 1 mile, 3,000m and 2,000m steeplechase.

**Sharon Davis.** World Champion at 800m and 1,500m.

Barbara

**Administrator: Barbara Blurton.** Very successfully carrying out the challenging AMA role of Registrar and International Entries Co-ordinator.

## David Carr M90 2022 WMA Male Best Athlete

**"ONE cannot achieve much without friends, family, clubmates, officials and helpers. MAWA has always provided the structure, organisation, venues, events and competitions for athletes of all disciplines.**

"My wife, Patricia, who was a very good LJ and TJ athlete, won gold in the TJ at WMA championships Melbourne 1987. Pat is no longer competing but still has the state LJ and TJ records for W65, W70 and W75. Patricia upstaged me in Melbourne (1987), with gold and a World record in the W55 triple jump.

"We have three children and our family was involved with Little Athletics. They all understand the joys and grind of the sport.

"Our daughter, Therese, who still occasionally attends and competes in MAWA events, was the fourth woman in WA to complete a marathon (People's Marathon

1979 - 3h:33m) and our daughter, Peta, won the City to Surf in 1975.

"My working career began in the navy and in my twenties I became a secondary school teacher. I eventually retired as vice principal of a senior secondary school in Perth."

Asked for his most memorable or noteworthy Masters Athletics accomplishment of 2022, David recalled his five gold medals in Tampere, from 400m to 5,000m, including steeplechase; and six world records in the M90 division.

He credits his success in part to MAWA's Thursday evening track and field events.

"Qualified Athletics WA officials

are in attendance to make sure things are properly done."

In 2023 he looks forward keenly to attempts on the M90 800m record. "It's a favoured event but I do not have this record."

He remembers great battles with rival Earl Fee at WMA championships. Puerto Rico 2003 was a classic!" he says.

Finally, when asked what else would you like people reading the announcement of nominees and winners to know about you, he said: "My coaching of younger athletes at MAWA, a number of whom have set world records and been placed at WMA championships."
