

Upon arrival, check the board to find your handicap time.

If you're a new member or visitor, be sure to check in with the handicapper to confirm your starting time.

If your handicap is 0.00, you'll begin with the non-handicap participants at the scratch start.

For everyone else, simply keep an eye on the clock and set off as soon as it reaches your assigned handicap time.

To be in the running for the coveted 2024/25 Trophy, participants must complete at least five of the handicap events throughout the year and be a financial member.
